The Lucas Museum of Narrative Art

CCA members are invited to learn about the Lucas Museum being built in Exposition Park. It will feature bold new architectural design, and will be a one-of-a-kind gathering place to experience collections, films and exhibitions dedicated to the power of visual storytelling and the evolution of art and moving images. The museum represents a \$1 Billion investment in Los Angeles and will create approximately 1,500 new construction jobs and approximately 350 new permanent jobs.

Special Guest: Moesha Ward, Lucas Museum

LA Union Station

Please join us to receive the latest updates on the redevelopment activities at Union Station. Metro is putting together a comprehensive effort to create commercial development opportunities at the station. Built in 1939, Union Station is the largest railroad passenger terminal in the Western United States. The stations' 161,000 square foot terminal is a historic landmark designed by the architecture team of John and Donald Parkinson. Under the Alameda District Specific Plan adopted in 1996, the 47-acre Union Station property has six million square feet of development rights.

Special Guest: Jenna Hornstock, Metro

Olympia by City Century

This proposed development is located at 1001 W. Olympic just across the street from L.A. LIVE and will feature three towers. In addition to the nearly 1,400 apartments or condos, Olympia would include 40,000 square feet of retail and 115,000 square feet of public green space. Olympia may also feature a hotel. Join us to learn more about this exciting new development.

Special Guest: Arthur Chang, City Century

(Open to Business Advocacy, Executive and Premier-level members only.)
